

INCREASE YOUR IMPACT WITH PMI

Through Culture, Membership, &
Volunteering

Sarah Maxwell | PMI Chapter Engagement Partner
9 MAY 2024

Culture Matters

Our culture is a **community wide agreement** of how we get things done, how we **treat each other** and how we can all **expect to be treated**.

It matters because:

- ✓ Greater capacity to deliver on our **strategy and goals**
- ✓ Personal **fulfilment** in our volunteering or work
- ✓ We **attract more** people to volunteer or work for PMI
- ✓ **Wellbeing, diversity** and **inclusion** are prioritised

Make It Easy

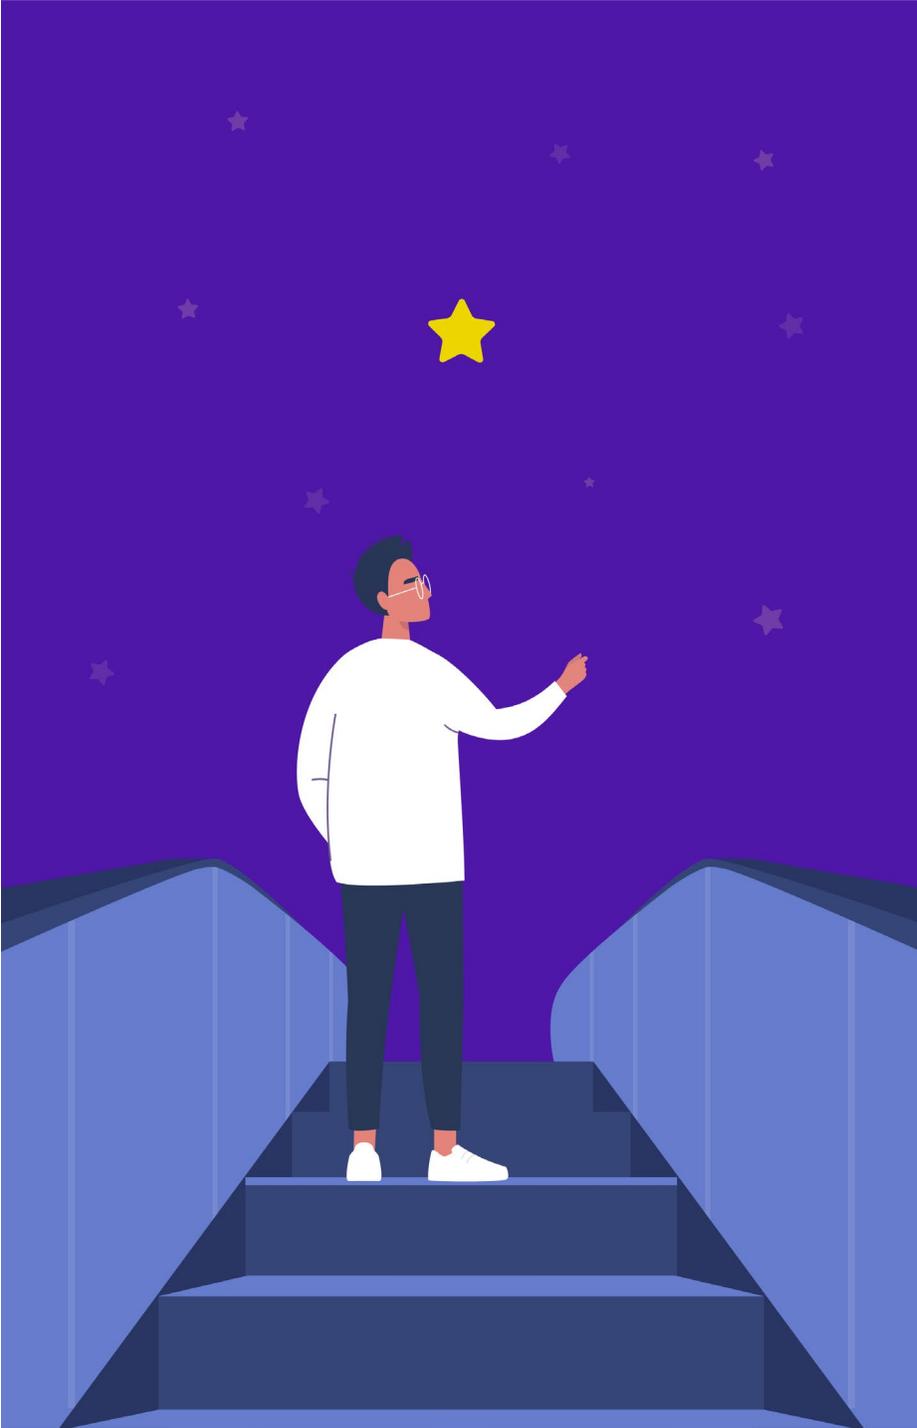

We are easy to deal with.

When things slow us down, we find a better way.

We prioritize the impact that matters most and take the most direct route to it.

Behaviors:

- I speak with candor and kindness to get to the right outcome quickly
- I enable clear, simple and transparent communication and interaction that aligns with the needs of those involved
- I reduce complexity and remove barriers wherever possible
- I involve the right people in the right way
- I act fast where possible, seek input where needed and have the experience, and/or data to support my decisions
- I say 'no' to some things, in order to be able to say 'yes' to the ones that matter most

Aim Higher

We set the standard in top quality work to create the greatest impact for the PMI community.

We lead the way by thinking long-term and acting in the short-term.

We fearlessly take ownership of what we do, knowing every action counts.

Behaviors:

- I consistently deliver excellent experiences and work, and am always seeking ways to do better
- I stay on top of industry trends and use these insights to drive even higher quality in what I do
- I act quickly, sustainably and take smart risks, while being mindful of the long-term impact
- I am self-aware and regularly seek out feedback, welcoming it as a route to personal growth
- I have a bias for action and take responsibility for the outcome
- I act ethically and with integrity, always following through on my commitments and trusting others to do the same

Be Welcoming

We create genuine belonging for all, because our differences make us stronger.

We act with humanity, showing care, empathy and respect for others' needs.

We assume good intent and seek to understand, not judge.

Behaviors:

- I speak out when there are instances of disrespect, bias, or discrimination
- I create safe, supportive and respectful environments where we can all voice our needs, and every voice is heard
- I am mindful of my own biases and background
- I take time to understand others' unique backgrounds, needs, experiences and perspectives
- I empathize with others, see the best in them and find opportunities for us to succeed in partnership
- I prioritize my own wellness and mental health, and make space for others to do the same

Embrace Curiosity

We are always seeking ways to better serve the PMI community.

We see challenges as opportunities to innovate, and take them.

We feel able to fail fast in order to get it right.

Behaviors:

- I think critically and suggest solutions that could better meet the needs of the PMI community
- I look beyond PMI to find new ways to create value and improve
- I take the initiative and the responsibility for solving the problems I face
- I stay open-minded, inquisitive and embrace opportunities to change
- I create an environment where it's safe to experiment and share mistakes, as a route to improving
- I am constantly learning from others and recognize that there is always more than one possible 'right' path forward

Together We Can

We build deep, trusting relationships that help us work towards our mission together.

We use our shared purpose to unite us as a community and drive us forward to create impact.

We act in alignment with our global goals, while being empowered to deliver locally.

Behaviors:

- I build personal relationships that last, not just connections
- I listen to understand, and find ways to collaborate on solutions
- I celebrate successes and learnings, so we can all grow and move forward faster
- I support those around me, knowing that I can only succeed if we all succeed
- I give freedom within a clear framework, offering meaningful empowerment
- I consider the impact of my actions on all members of the PMI community, and act to create the best overall outcome in service of our mission

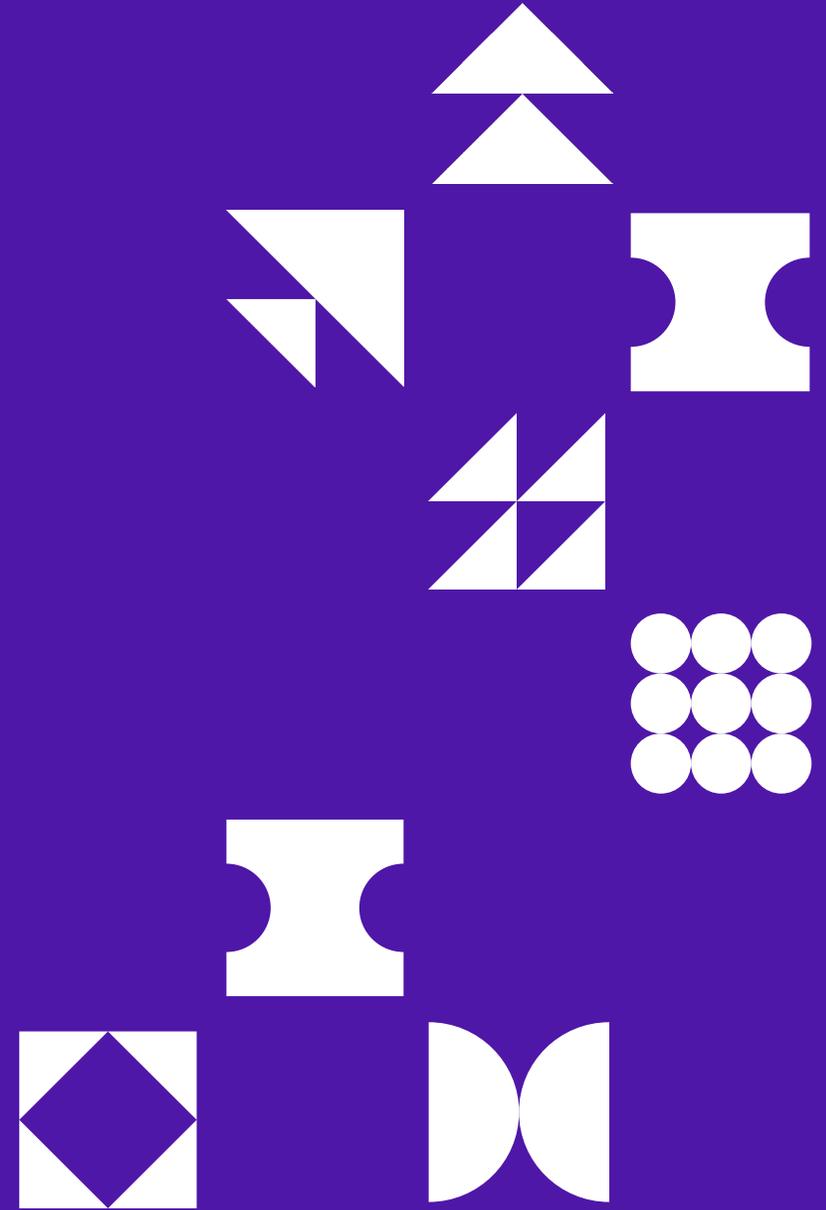

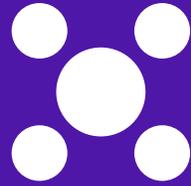

Be the ripple

Projectified® Podcast

With guest Rami Kaibni and Tim Wark | 31 May 2023 | [Transcript](#)

Cutting-Edge Technologies in Construction Projects

The construction sector is moving toward a more digital and connected future, with new technologies changing how teams are executing projects. Guests discuss how innovations, from digital twins and parametric design to augmented and virtual reality, are boosting efficiency on projects, how teams can build buy-in for adopting and experimenting with new tech and the skills project managers need to lead these next-gen construction projects.

From Ransomware to Mobile Malware: Emerging Cybersecurity Risks

Companies across regions and sectors face myriad cyber threats from ransomware and phishing scams to attacks from professional cybercriminals. In response, organizations are launching cybersecurity projects to keep their companies' and customers' data secure. Guests discuss how companies are boosting cybersecurity capabilities in response to today's major threats, how advances in artificial intelligence can both help and hinder cybersecurity efforts, and the skills and knowledge project managers need to lead successful cybersecurity initiatives.

Presentation Title

THE IMPACT OF VOLUNTEERING

PMI's 11,000+ Volunteers and their IMPACT

3,000+ chapter volunteers in over 300+ chapters serving the needs of 270,000+ chapter members

Thousands of volunteers serving as individual contributors (thought leaders, speakers, evaluators, item writers & more)

250+ volunteers supporting PMI on global volunteer teams

12 member-elected directors who provide strategic direction for the Institute and drive its vitality and relevance

81%

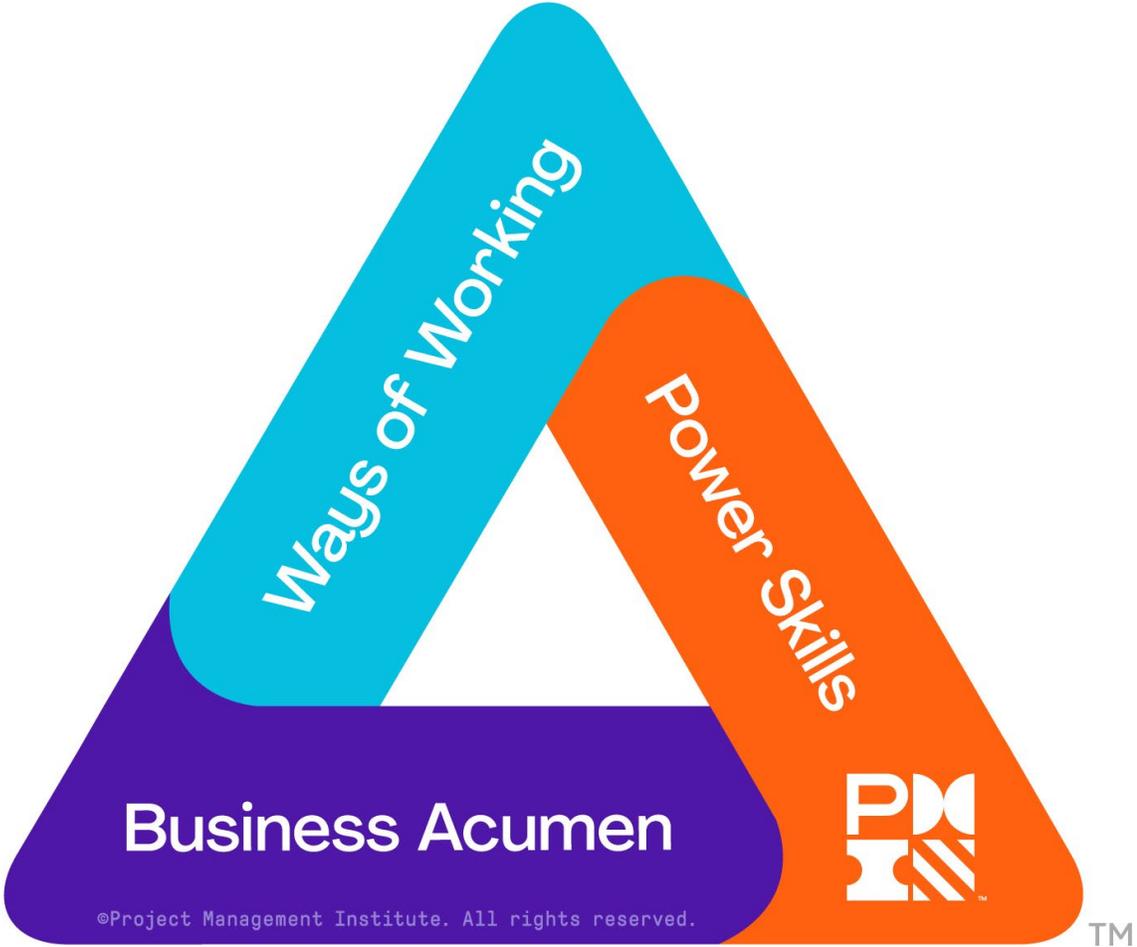

of PMI's volunteers give back to their community in addition to PMI

100%

of PMI's Codes, Standards and Certification Exams are created by practitioners for practitioners

PMI Talent Triangle

Aim Higher: Pulse of the Profession® Power Skills

Top 4 Power Skills

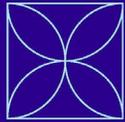

Every Project Professional Needs

There is wide consensus among those surveyed on the top four power skills that help project professionals drive project success. These four power skills are consistently the highest-ranked across industries, regions and other factors.

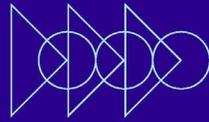

COMMUNICATION

Effective in explanation, writing and public speaking

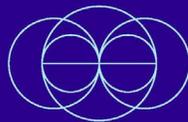

PROBLEM-SOLVING

Ability to figure out what is wrong and resolve it

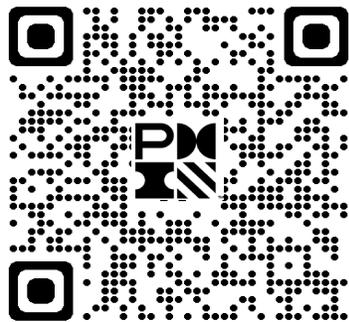

COLLABORATIVE LEADERSHIP

Ability to work with others across boundaries to make decisions

STRATEGIC THINKING

Ability to see patterns and alternative paths rather than complexity

TOP 4 Power Skills:

1. Communication

2. Problem-Solving

3. Collaborative Leadership

4. Strategic Thinking

PMI's Investment into Volunteer Development, Training and Resources

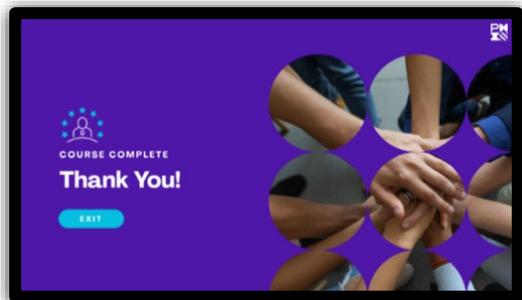

Leadership Institute

Offers trainings and orientations

- In-person, virtual, on-demand

Empowers PMI volunteers to:
